

HOUSING BIRMINGHAM HAS LOWEST BID

10 General Bids Submitted for Competition; High School Holiday Oct. 26.

Bids for the completion of the new high school building were opened at a special meeting of the school board held at the Bailey school Wednesday night. All bids were referred to the external committee and trustee A. L. Hawley.

Bids were submitted for the completion of the building with the exception of heating installation, and separate bids were submitted for plumbing, heating and electric wiring. The lowest general bid was that of the American Construction company, of Houston, amounting to \$172,900.

There were ten general bids, as follows:

Central Construction company, Houston, \$172,900; without wiring, \$17,000 less; without plumbing, \$25,500 less; with simple windows, \$14,000 extra; white marble for lavatories, \$1,000 less.

Lowest Bid.

American Construction company, Houston, \$172,900; without wiring, \$17,000 less; without plumbing, \$25,500 less; with simple windows, \$14,000 extra; white marble for lavatories, \$1,000 less.

Bids for the plumbing were as follows:

Johnson & Davis Plumbing and Heating company, Denver, \$23,110; a combination bid for plumbing and heating of \$27,528 was also submitted by this firm.

Electric Wiring.

Bids for electric wiring were as follows:

C. E. Newberry Electric company, Dallas, \$14,460; a bid for \$27,450 for wiring and heating was also submitted; Martin Wright, San Antonio, \$15,480; Lawrence Electric company, \$18,300; Independent Electric company, \$24,580; Gem Electric company, \$22,369; Wright Bros., San Antonio, \$17,850; National Telegraph and Supply company, \$31,800; Bardeen Electric & Machine company, \$17,480.

ASH FIRE AT NOON HOUR.

An ash fire at the home of H. W. Williams, 1105 Nevada street, caused an alarm at 12:35. There was no loss, and the fire was put out with a bucket of water.

SOFT WHITE HANDS by using WITCH HAZEL CREAM, 25 cents per bottle, delivered to any part of the city or post-paid to any address, 25 and 50 cents. THE WALKER DRUG CO., telephone 221 and 732—Adv.

SHERIFF SAYS FREE COLOMIES

Former Argentine Minister Says Time Ripe to Ask Europe to Quit Americas.

Buffalo, N. Y., Oct. 21.—The time is ripe for the United States to ask European countries to relinquish possession of their colonies in the western hemisphere, in the opinion of Charles H. Sherrell, former United States minister to Argentina, who delivered a remarkable address along this line before the University of Buffalo today.

It is very doubtful if ever again the United States will be in a better condition to ask favors of Europe than it is at present, said Mr. Sherrell in referring to the fact that European nations were seeking financial assistance in this country as never before; and he declared the United States owed it to her sister republics to ask Europe to release the sovereignty of the peoples by themselves all colonial territory in the western hemisphere.

He said, in part:

Thinkers Now Is the Time.

He said, in part:

Europe's Need of Money.

ARE GUESTS OF ADVERTISING

Manager; Proprietors Also Present.

W. M. Laughlin, advertising manager of The El Paso Herald, gave a dinner party in a private dining room at Hotel Sheldon Wednesday evening to the members of the advertising club.

After the dinner the evening was pleasantly spent in a general discussion of matters of interest to those present. The club members, who were guests of the advertising manager, were: W. M. Laughlin, Norman E. Venzey, R. W. Venzey, Jeff Darnell, A. W. Trotter, H. W. Pate, H. Foster, A. H. Beck, and Norman E. Snodgrass.

Other guests were: H. D. Slater, general manager; J. C. Wilmarth, editor; H. P. Hris, circulation manager; Norman Walker, city editor.

THE MILLING INDUSTRY FOR THE SENATE

"Bull" Andrews and Tom Catron Also Out for Place; McDonald May Run.

San Antonio, N. M., Oct. 21.—The political line-up at the election next November will develop very much indeed, and it is probable that around this stone, several women would stand and pound or rather grind, and while the stone is being pounded or crushed into a fine meal, this crusher was used on the surface of rock.

Mr. Catron is supposed to have been a primitive Irish mill. There are many stories about the water of such a mill, and it is probable that around this stone, several women would stand and pound or rather grind, and while the stone is being pounded or crushed into a fine meal, this crusher was used on the surface of rock.

CLUB MEETS AT ROTARY CLUB

Luncheon by Mr. Adams; 80 Percent of Food From Globe Flour.

Globe Mills day at the Rotary club was "on" Thursday Adams, the manager of the El Paso mills of the Globe Milling company. The expense of the luncheon at Hotel Sheldon was met by Mr. Adams and 80 percent of the articles served were made of flour from the Globe mills.

The luncheon menu, which was prepared by Mr. Adams, included the following: Olives, radishes, chicken soup with Globe noodles; Globe bread sticks; enchiladas; Globe tortillas; baked globe macaroni and cheese; combination salad; Globe garnishes; Globe apple dumplings; cereal beverage. The dishes were prepared by John Halligh, chef, under the direction of M. E. Olson, cafe manager of the hotel.

Mr. Adams declared that a man could live on flour and wheat products wholly if he desired, and that the cost of such living would not be over \$13 a year. "We need not complain of the high cost of living unless we choose," he said.

Old as Adam.

The mill industry is the oldest of them all, said Mr. Adams in his address. The first miller, he probably was the first miller. The ancestor of the mill-stone was apparently a rounded stone about the size of one's wrist, with which hollow or cavity was pounded or crushed into a fine meal. This crusher was used on the surface of rock.

Mr. Catron is supposed to have been a primitive Irish mill. There are many stories about the water of such a mill, and it is probable that around this stone, several women would stand and pound or rather grind, and while the stone is being pounded or crushed into a fine meal, this crusher was used on the surface of rock.

STREETS MUST BE REPAIRED

Council Passes Ordinance Requiring Street Repairs to Be Made at Once.

An ordinance requiring the immediate refilling of holes cut in streets and alleys for excavation work and capping with a coat of cement was passed under the emergency clause at the meeting of the city council Thursday morning.

The ordinance requires that the highways be repaired within 30 days and fixes the penalty for violation at a fine of not less than \$25 and not more than \$50.

To Pave Nevada.

The petitions of property owners to pave West Nevada street from Los Angeles to Oregon street; property owners to pave Chihuahua street from the south line of district No. 1 to Second street; property owners to pave West Boulevard from North Oregon to West Rio Grande street; and property owners to pave East Rio Grande from Mesquite to Piedra streets, were granted.

Prospect Is Widened.

A resolution was adopted changing the width of Prospect avenue, from 36 to 32 feet. A resolution was also adopted changing the width of Prospect street, from 36 to 32 feet.

Protest Against Tracks.

The ordinance granting J. T. O'Rourke, A. Birch, Nokes & De Smith, and others a franchise to build a spur track across Third and Second streets and through the alley running north and south between Chihuahua and South Santa Fe streets was adopted.

Only 15 Miles.

The weekly report of John W. Wray, chief of the fire department, showed 15 alarms of which two were false. Property loss was given at \$25.87.

The weekly report of the city health officer showed 26 deaths, of which 12 were Americans and 14 were Mexicans. Births totaled 27, of which 11 were Americans and 16 were Mexicans.

Petitions Granted.

The following petitions were granted: El Paso Commercial company for sewer extension along Romero street to the end of Sunset Heights; George W. Newell for sewer extension to south side of Franklin street between Oregon and El Paso streets; Mayfield Building & Investment company for sewer extension to block 29, Bassett addition; George Beaudett, and George Mitchell for sewer extension to lots 16-20, block 41, Alexander addition; Sells-Floto shows, to hold parade November 6; George W. Newell, for driveway across sidewalk at Franklin and El Paso streets; Cleveland garage, for gasoline service station at 200 West Franklin street.

Petitions Filed.

The following petitions were referred: Police and building—McClintock company, for permit to change signboards on Macfarlane avenue opposite Toltec lake; W. C. Shaw, for storage tank inside of lot 16-20, block 41, Campbell addition; P. A. Mayhew, and others, for fire plug near main entrance to Evergreen cemetery; Mr. Franklin Fuel company, for gasoline storage tank on lot 1, block 23, East El Paso addition; El Paso Speedometer service station, to move to new filling station from Santa Fe street to inside of building on West San Antonio street.

To Stop Nuisance.

Water and sanitary—Residents and property owners, to have nuisance abated on vacant lot on corner of Florence and Overland street.

Tax and finance—Charles B. Stevens, for remission of taxes on part of lots 5 and 6, block 16, Franklin Heights.

The petition of Ray R. Boyer, to erect tent at Campbell and Overland streets, for theatrical exhibition, was denied.
